ASU Barrett Summer Scholars Program: BSS is a unique summer program at Arizona State University for gifted, honors and academically-talented 7th, 8th, and 9th grade students. This residential program invites students to live on campus, engage in college-level coursework, and participate in a community of peers from across the state. The program helps to prepare students for enrollment and success at ASU and Barrett, the Honors College. Application and information available online at <https://eoss.asu.edu/bss>

ASU Health Institute:

The [Summer Health Institute @ ASU](#) is for students who are currently in the 11th grade that have indicated an interest in health/health care and ASU. SHI is for students who will be in 12th grade next year/plan to graduate May or June. During the institute, you will be able to experience a variety of health-related activities, including three hours daily of health care simulations such as suturing, IVs and intubation, at Creighton University School of Medicine at Dignity Health's St. Joseph's Hospital and Medical Center and ASU's Edson College of Nursing & Health Innovation's Simulation Lab. You'll also spend time interacting with professional health care providers and touring local health care facilities.

This year, Summer Health Institute will take place in July. The week of SHI takes place at ASU's [Downtown Phoenix campus](#). Participants will stay in Taylor Place residence hall during the institute.

Dates: July

Location: ASU Downtown campus

Cost: The institute is no cost to participants. Housing, food, materials, and instruction are free. The only cost to participants is their travel to and from the camp.

Is this a residential program? Yes. Open to in-state and out-of-state students who will be high school seniors.

Deadline: May including receipt of official high school transcript Visit the website for more information. If you have any questions or you need more information, please contact Kastie Isaac at Katie.Isaac@asu.edu

Bank of America Student Leaders Program

Student Leaders recognizes those who lead and serve in their own communities and beyond. Bank of America will connect Student Leaders to tools and resources that will help them make communities better. A Student Leader will: work as a paid intern at a local nonprofit for 8 weeks, attending the week-long seminar in Washington, DC, develop leadership and career skills, and connect with like-minded students from your own community and across the country. Visit www.bankofamerica.com/studentleaders to apply!

UA College of Medicine- Phoenix- Mini Medical School 3.0

A fascinating community lecture series open to the public. Mini-Medical School 3.0 will host renowned experts who break down trending health topics for the Arizona community - ages 14 and up. These FREE events are held at the College of Medicine and will enable students interested in medicine to gain valuable perspective on the current state of healthcare and to hear from renowned experts. Contact Barbara Quinlan at 602-827-2024 or bquinlan@email.arizona.edu or visit <http://phoenixmed.arizona.edu>.

UA Med-Start Program

Please check websites for COVID restrictions

This is a 5-week program for minority, low income, & first generation students interested in health careers. Students must be High School Juniors.

Approx. \$2,100 (Includes registration fees, meals, residence hall, books and supplies.) Financial aid is available <http://www.medstart.arizona.edu>

UA Center for English as a Second Language CESL will offer Intensive English language instruction for non-native English speaking teens ages 13-17. Students will improve their English, develop new friendships, and have fun learning a second language! Students learn and use English in classes taught by experienced, enthusiastic ESL teachers. Students are placed into classes by proficiency level and receive 4 hours of language instruction per day, Monday-Friday, in University of Arizona classrooms where all language skills are emphasized. Lessons and materials are designed specifically for teen learners. On Saturdays, the students attend recreational/cultural excursions in and around Tucson. On these excursions, the teens have a chance to speak and listen to English in real world settings. For more information, please visit <http://www.cesl.arizona.edu/teen>

UA Writing Skills Improvement Program The Summer Writing Institute for Writing and Thinking across the Curriculum is a 3-week long, competitive writing program for both native and near-native English speaking high school students and teachers. Participants will work together as a community of writers to develop basic skills, awareness, and confidence in writing and presenting. Activities and events on the UA campus will be available to all participants and integrated into the program. Visit <http://wsip.arizona.edu/summer-institute-writing-and-thinking-across-curriculum> for more information.

UA National Center for Interpretation The University of Arizona's Professional Language Development Project (PLDP), hosted by the National Center for Interpretation, is a 3-week intensive program for Spanish/English bilingual juniors and seniors from Tucson-area high schools. The PLDP offers training in translation and interpretation, introducing bilingual students to the values of their bilingualism and its many professional benefits. PLDP students have the opportunity to work with some of the best professional interpreters in the country, as well as attend professional level presentations on weaponry, forensics, and areas that are important for court or medical interpreters. The program is free to students, but space is limited. More information, as well as a brochure and application, can be found on the PLDP website: <http://nci.arizona.edu/preonline-pldp>

Yale- Young Global Scholars Program

An intensive academic summer experience on the Yale University campus designed for high school student leaders. The program is open to current sophomores and juniors.

<http://globalscholars.yale.edu> for more information and to apply online.

Young Ambassadors Program: Smithsonian Latino Center

The Smithsonian Latino Center's Young Ambassadors Program (YAP) is a national program for graduating high school seniors aimed at fostering the next generation of Latino leaders in the arts, sciences, and humanities via the Smithsonian Institution and its resources. YAP is a college preparatory and leadership program encouraging participants to explore various academic and career opportunities through the lens of the Latino experience.
